Carl Lacquer

CUSTOMIZATION

Matsuoka has a cache of some of the world's rarest and most beautiful veneers available for you to choose from. Our rich Carl Lacquer finishes are also available in a variety of colors.

There are three levels of polyester finish - high gloss, satin or matte.

All of Matsuoka's pieces are hand-made to order, and we pride ourselves in our ability to customize any of our designs to meet your size specifications and your choice of veneer and finish.

We are happy to use your choices and create a truly unique piece to suit your individual interior.

CHRISTIAN LYON COLLECTION I

"I was honored to be asked to create Matsuoka's first international collection.

This collection contrasts soft fluid lines with the strength of bold geometries. The forms are a juxtaposition of feminine and masculine.

Delicate fine inlay, hand-painted lacquer-work and rich veneers combine with exquisitely crafted hardware and metal leafing to form jeweled accents.

The pieces are rich and decorative yet supremely functional.

These pieces showcase the extraordinary skills of Matsuoka's talented craftsmen and the beauty of their exotic veneers and immaculate finishes."

TORTOISE COMMODE

The award-winning Tortoise Commode is an iconic Matsuoka design that has received numerous accolades. Geometric panels of African Zebano wood, arranged in a formation inspired by the plates of a tortoise's shell, conceal a surprising array of drawers and compartments. Features an Emperador Chiarro marble top.

OPERA DINING TABLE AND CHAIRS

This design is a testament to the unrivaled skills of the Matsuoka craftsmen.

The table's exquisitely executed star burst veneer top, resolved with pin-point accuracy, combines modern style with traditional quality.

The Opera Dining Chairs are chic, smart and sculptural.

Their graceful curves echo the klismos of Ancient Greece yet their style and comfort are modern and timeless.

CHRYSANTHEMUM COCKTAIL CABINET

This striking cabinet features a chrysanthemum motif, the symbol of Japanese royalty, inlaid with meticulous precision into the curved double doors. They open to reveal their silver leaf decoration and a mirrored interior detailed with polished Italian marble, glass shelves and two drawers with silver-plated handles inset with mother of pearl.

DUPLEX DINING TABLE AND CHAIRS

The contemporary elegance of this setting plays on the simple lines of French modernism. Rich veneers are contrasted with polished nickel-plated accents evoking glamorous art deco opulence.

BUBBLES TABLE

This delicate composition was inspired by the bubbles in a glass of champagne. It is joyous and fun, yet chic and elegant. The large glass top makes it a wonderful dining table.

With the small top, it is a beautiful entry statement or an elegant lamp table. The Bubbles Table is a masterpiece of engineering excellence.

KIMONO SIDEBOARD

A beautiful yet functional piece decorated with hand-painted Cashew Urushi panels which draw their inspiration from traditional kimono designs.

CHRISTIAN LYON COLLECTION II

"I was delighted to create my second collection for Matsuoka.

This collection is pared down and elegant. Pieces are linear and geometric in form. I have worked on contrasting textures using soft, natural finishes.

There is a relaxed but sensual play of matte against gloss, rough against smooth, light against dark.

I have mixed traditional Japanese techniques with contemporary Western design and functionality, to create a collection which is simple and sophisticated, appealing to the design savvy who appreciate beautifully crafted, handmade furniture."

ORIGAMI CHEST

Inspired by the traditional Japanese art of origami, this is a contemporary take on the classic commode. Six deep drawers in matte finished rare New Guinea Walnut, contrast with high gloss Charcoal Japonica.

PEG DINING TABLE AND OPERA CHAIRS

Radiating cuts of Brushed Paulownia veneer, play against a vibrant burst of color in matte Carl Lacquer to create a chic but relaxed dining table.

The glass center can be fixed or fitted with a lazy susan.

Opera Dining Chairs in Brushed Paulownia are a perfect complement.

STRATA COFFEE TABLES

Subtle contradictions of texture combine with crisp, simple geometric lines to create a feeling of contemporary elegance.

Matte textured veneer contrast with high gloss lacquer and satin bronze finish to add to touch of glamor.

The three individual elements group together in a variety of configurations to give flexibility.

TORII DINING TABLE AND CHAIRS

Inspired by the serene lines of the traditional Shinto spirit gate, the Torii Dining Table is a sensual play of high gloss Charcoal Japonica and matte Chocolate Walnut veneers.

A sweeping lacquered stretcher and the subtle bronze feet show a fine attention to detail.

The relaxed look of the chairs complements the table beautifully.

CRADLE DESK AND SIDE TABLE

The Cradle Desk is strong and dynamic. Its exotic Alexandrite top floats on the satin bronze finish metal legs, channeling the innovative elegance of a modernist classic.

The Cradle Side Table combines Brushed Paulownia with an inset glass top.

TORTOISE LOW CABINET

Perfectly matched veneers of rare Celebes Ebony form tortoise-shell patterns creating a puzzle of secret drawers and doors. The cabinet appears to float on its mirrored base. The top is finished in high gloss black Carl Lacquer.

Fully adjustable internal shelves and a well-ventilated interior make this the chicest media cabinet available.

DAIS COFFEE TABLE

Almost appearing as a low, floating platform, the Dais Table marks the debut of Dark Chocolate Astrakhan veneer. This ultra-modern creation sits perfectly in the contemporary interior.

KAMAKURA BAR

The Kamakura Bar combines the beautifully soft organic texture of Brushed Paulownia with the ancient Buddhist carving technique of Kamakura, which requires patience, strength and an appreciation of subtlety.

An elicited balance of boldness and lightness, this is a truly sophisticated contemporary drinks cabinet.

CHRYSANTHEMUM COFFEE TABLE

Confident in its femininity,
the Chrysanthemum Coffee Table is
strong and elegant. It features a bold,
hand-painted chrysanthemum motif.

WRAP BED

The Wrap Bed creates a contemporary cocoon of comfort with contrasting textured veneer and silky Carl Lacquer.

PUZZLE BLOCK CABINET

The Puzzle Block Cabinet is an exercise in modern geometry. Ivory colored high-gloss Carl Lacquer contrasts with wavy-grain Celebes Ebony veneer and dramatic blocks of "Yakisugi," an ancient Japanese technique using scorched cedar. The simple sleek lines of this cabinet hide secret drawers and compartments designed to challenge and delight the user.

PUZZLE BLOCK DINING TABLE

The Puzzle Block Dining Table features a Mondrian like composition of panels of White Japonica accented with high-gloss wavy grain Celebes Ebony. It appears to defy gravity as it fits snugly in the clean, modern Charcoal Oak base. The Chelsea Dining Chair provides the perfect complement.

CLEMENT CONSOLE

More sculpture than furniture, the Clement Console is a masterpiece of simple form. Bold asymmetric curves of richly textured Brushed Paulownia are complemented by high gloss black Carl Lacquer, adding glamor and polish to this powerful piece.

BUMBLE BEE CABINET

The Bumble Bee Cabinet has a dynamic, seemingly random rhythm of Charcoal Oak batons floating on a background of high gloss black lacquer. The central handle features a panel of "Yakisugi," an ancient Japanese technique using scorched cedar decorated with delicate "Makie" - gilded lacquer - bumble bees. The piece is also available without the lacquer finish.
